

4" Stringer Bead

Reengineered Design. Exceptional Value. Industry Leading Performance.

New and Improved

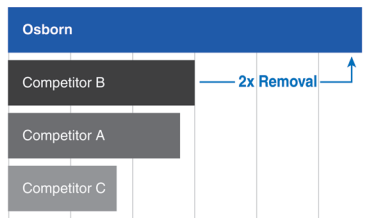

Quality, life, and performance are a staple of Osborn products. That's why we're continuously improving our top of the line products. We've reengineered our 4" Stringer Bead Brush that increases material removal and extends durability—beyond all of our competitor's products, at no extra cost.

Last Brush Standing

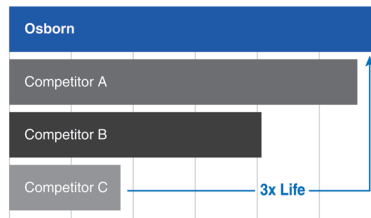

Discover the performance of our newly improved 4" Stringer Bead Brush compared to the closest competitors. Our brush excels in both material removal and brush life, delivering superior results that you can rely on for your toughest jobs.
