Ingestion:

Immediately rinse mouth and drink plenty of water. DO NOT INDUCE VOMITING unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. Ingestion of small quantities

# BS5810-VG STAINLESS STEEL COMPOUND

Page 2 of 3

PRINTED: 9/16/2020 REVISED:09/16/2020

is not expected to produce symptoms. If large quantities are swallowed, obtain medical help.

## Section 5

#### FIRE FIGHTING MEASURES

Explosion hazard: None.

Suitable extinguishing media: Dry chemical, alcohol foam, carbon dioxide, gentle water flow. Fire hazard: Contains combustible wax or grease which may liquefy and flow when heated.

Firefighters should use self-contained breathing apparatus.

# Section 6 ACCIDENTAL RELEASE MEASURES

**Emergency Action:** If material cannot be recovered, transfer to waste container and dispose in local landfill, in compliance with local, state and federal regulations.

### Section 7

#### HANDLING AND STORAGE

Handling: Wear protective gloves if skin irritation is experienced. Wash hands before eating. Avoid breathing dust produced in use.

**Storage**: Store at room temperature away from excessive heat.

Section 8	EXPOSURE CONTROLS / PERSONAL PROTECTION				
	CAS Number	EC Number	OSHA PEL	ACGIH TLV	
Aluminum oxide, non- fibrous	1344-28-1	215-691-6	15 mg/m 3 TWA	10 mg/m 3 TWA	
Calcium carbonate	1317-65-3	215-279-6	15 mg/m 3 TWA	10 mg/m 3 TWA	
Carbon black	1333-86-4	215-609-9	3.5 mg/m 3 TWA	3.5 mg/m 3 TWA	

Engineering Controls: Provide exhaust ventilation or other engineering controls to keep dust levels below

occupational exposure limits. See section 2 for component exposure guidelines. Local exhaust ventilation is acceptable.

**Respirator**: Use a NIOSH-certified dust mask or equivalent.

Hand Protection: Wear gloves.

**Eye Protection**: Protective eye-wear should be used in dusty environment.

**Other Recommendations**: Wear protective clothing such as long sleeves. Wash hands after handling.

# Section 9 PHYSICAL AND CHEMICAL PROPERTIES

Density	Approximately 2.0 g/cm3	рН	NA
Physical State	Solid bar	Boiling Point	NA
Appearance	Black	Freeze Point	NA
Odor	Mild or none	Vapor Density (Air=1)	NA
Solubility in water	Insoluble		

#### Section 10

#### STABILITY AND REACTIVITY

General: Stable.

Incompatible Materials and Conditions to Avoid: Strong oxidizing agents. Hazardous Polymerization: Will not occur.

#### Section 11

#### TOXICOLOGY INFORMATION

No information available on Acute or Chronic ingestion or inhalation toxicity. No ingredients present above 0.1% which are carcinogenic according to NTP, IARC, or OSHA findings.

#### Section 12

ECOLOGICAL INFORMATION

All ingredients are inert in the environment, or biodegrade to non-hazardous compounds.

# DISPOSAL CONSIDERATIONS

**RCRA 40 CFR 261 Classifications:** Not classified as hazardous. Federal, State, and Local laws governing disposal of material can differ. Ensure proper disposal compliance with proper authorities before disposal.

## TRANSPORTATION INFORMATION

- U.S. DOT: Not regulated
  - Basic Description: NON-HAZARDOUS MATERIAL

This product does not constitute a hazardous substance in national/international road, rail, sea and air transport.

IATA: This product does not constitute a hazardous substance in national/international air transport.

#### **REGULATORY INFORMATION**

US Federal Regulations: SDS complies with the OSHA Hazard Communication Rule, 29 CFR 1910.1200.

- CERCLA/Superfund, 40 CFR 117, 302: None of the chemicals are CERCLA hazards
- SARA Superfund and Reauthorization Act of 1986 Title III sections 302, 311, 312 and 313:
- Section 302 None of the chemicals are extremely hazardous substances (40 CFR 355).
- Section 311/312 Material Safety Data Sheet Requirements (40 CFR 370): By our hazard evaluation, this product may be an eye and skin irritant.
- Section 313 List of Toxic Chemicals (40CFC 372): This product contains no chemicals ( at level of 1% or greater) that are found on the 313 list of Toxic Chemicals.
- Toxic Substance Control Act (TSCA): All substances are TSCA listed.
- Resource Conservation and Recovery Act (RCRA 40 CFR 261) Subpart C & D: Refer to Section 13.

#### STATE REGULATIONS:

- No substances in this mixture are specifically listed by individual state. Other product specific health and safety data in other sections of the SDS may also be applicable for state requirements. For details on your regulatory requirements you should contact the appropriate agency in your state.
- California Proposition 65: None of the ingredients are on the Proposition 65 list
- Canada WHMIS: Not Controlled. All components of this product are included in the Canadian DSL (Domestic Substances List)
